2031069

(Note: bold items within paragraphs are motions made and voted on as well as action items agreed upon.)

Board Member Attendees:

JoElyn Brus

Mike Noble

LeRoy Thom

Eileen Carney

Helen Clarke

Abe Troyer

Contractor Attendees:

Cheryl Fox

1. Call to Order approximately 5:30pm.
2. Review of the Supplemental Quality Assurance Project Plan:
  - a. The following items need to be included and addressed by EP on this project plan:
    - i. No crawlspaces areas were addressed for either residential or business properties.
    - ii. Paragraph 2.0 on data evaluation refers to a database on 12/27/05 is this a mistake and should be year 2004?
    - iii. Carpet discussion was good, but follows on tests referred on page 21 needs to be published to whom?
    - iv. Carpet allowing for possible recontamination (page 21)
      1. Whose financial responsibility will it be for carpet replacement if the carpets are found to be contaminated?
      2. If a home is recontaminated (after it was originally cleaned) will it be re-cleaned? And at a minimum re-sampling of the home and if fibers are found at detect levels to enlarge the re-sampling of the area.
    - v. Lawn Mowing
      1. Currently monitoring is done at an "adult height". Monitoring and breathing zones need to include a child mowing the lawn. Expansion of this test needs to include the height of a child.
    - vi. Wood burning stoves.
      1. Could the use of wood burning stoves recontaminate a home?
  - b. Eileen Carney made the motion to accept the above items to be included in a letter to EPA. JoElyn second the motion. Motion unanimously passed.

It was noted that inclusive to this letter was a "good job and the comprehensive and understandable language in the Supplemental Quality Assurance Project Plan.

Motion unanimously passed.

3. Meeting adjourned at approximately 6:30pm.
